

## Overview of coproduction and the TED in East Lindsey Offer Work-stream 3

# Checklist of themes and issues

TED in East Lindsey learning reports feature themes on resilience, digital inclusion and adaptation in the sector (forthcoming). This work-stream explores key thematic learning across TED to provide a tip sheet/checklist for coproducing with rural and coastal, building on the quality mark. It includes feedback from delivery partners, friendship groups and stakeholders working and coproducing with both individuals and groups, contrasting slightly from the group focus of the Quality Mark. Emphasis is fore mostly on fostering relationships as pathways to coproducing knowledge and service delivery and can be drawn on by providers, peers and wider stakeholders – including people aged 50 and over and volunteers.
