

AGELESS THANET CLUB

PAM

Pam moved to Thanet in 2017 after caring for her Mum who had recently passed away. She didn't have any friends or family in Thanet, and decided to go along to the consultation talks about what is now known as the Ageless Thanet Club.

Pam was one of the founding members who started the Club and has been volunteering as Club Secretary. Pam says that through volunteering she has made lots of friends.

WHAT DOES PAM SAY?

"The first thing I got involved with was finding a location where we could just have a casual club of like-minded people. We thought about having games brought along. Some people donated games, and then I applied for funding to get new games. The funding came from the Ageless Thanet Community Fund.

Ageless Thanet has connections and tendrils with so many other things - it's so trusted and relied upon to be the place for over 50's activities in Thanet. If I hadn't got involved with Ageless Thanet I would have moved here, and would be wandering around aimlessly with my dog, looking for other dog walkers to talk to. I wouldn't have the regime, my rota for the week."
