Rotherham Housing First

We provide a home to people who are homeless or sleeping rough in the Rotherham area. Housing First is a really success model that was first developed in the USA and does exactly what it says in the title – it offers housing to people first, with no conditions around receiving support.

Our aim is to get people off the street as soon as possible and into quality housing.

We believe that everyone has a right a safe and secure place to call home, and to the stability it brings.

Support we offer

Whilst there are no conditions for our customers receiving the accommodation we provide, we will always offer support, and persist with this offer even if we're turned away at first.

We'll be there for them as long as the need us, there's no fixed end date for the tenancies we offer. But what really sets our support aside from others is the time we spend with our customers. Our team of Key Workers have years of experience in working with people will a range of complex needs,

including mental health problems, substance misuse and offending, and use this experience to build trust with our customers. They focus on our customers' strengths, and use these to build their confidence to a level where they feel they can live independently.

Our support is completely flexible and is available seven days a week, including evenings. Whenever our customers need us, we'll be there whether it's in person or over the phone.

Eligibility and making a referral

Rotherham Housing First is run in partnership between South Yorkshire Housing Association and Target.

To be eligible for a referral to Rotherham Housing First you must be homeless or at risk of becoming homeless.

If you are experiencing homelessness, please contact your Local Authority. They will work with you to find and access services that can help.
